Planning thought: the emotional dimension

Deformed nature. For architect-designers Luigi de Palma & Marino Pinto, the source of inspiration is the metamorphosis of naturalistic

and zoomorphic subjects.
The concepts draw from onekic heterotopias, continuous sensorial provocations, the tactility of the materials used, the organic shapes. The interiors free the bodies from taboos, from consorships, for a

direct fution that satisfies the five senses. There are multiple sources of inspiration for their creations in various professional contexts: architecture, art, interior and outdoor design, restorator, fundating, where die Pairra & Pinto manifest a considerable formative background constantly renewed by the newest metropolitan trends. The styles of five professional and interior facilities and those this out for the five for file.
